Report of Board of Directors, Committees, and Items of New Business

to be presented to
STATE COUNCIL OF EDUCATION
March 30 - 31, 2019
Los Angeles, California
OUR MISSION

The California Teachers Association exists to protect and promote the well-being of its members; to improve the conditions of teaching and learning; to advance the cause of free, universal, and quality public education; to ensure that the human dignity and civil rights of all children and youth are protected; and to secure a more just, equitable, and democratic society.
To fulfill its mission, the California Teachers Association pursues the following goals:

I. CTA plans and executes programs and strategies designed to enhance the quality of education for students and the professional and personal lives of its members.

II. CTA assists its local chapters in bargaining for salaries and individual and employment rights in keeping with the academic and professional status of its members.

III. CTA represents members in governmental relations -- to influence state and federal legislation and actions by state and federal agencies.

IV. CTA strengthens its role as the preeminent voice for public education in California -- projects a strong, coherent and consistent image -- such that its members play the major role in shaping public policy on education.

V. CTA represents members in professional and career development matters.

VI. CTA represents members and provides a program of economic benefits and resources for members.

VII. CTA works to maintain and expand its membership so as to remain effective in defending and advancing its members' interests.

VIII. CTA maintains a governance system designed to achieve broad membership involvement and democratic decision-making.

IX. CTA works to encourage ethnic minority member participation.

X. CTA works to promote human and civil rights.

XI. CTA maintains staff, hired in conformance with affirmative action principles, to serve its members.

XII. CTA maintains internal and external communication systems to ascertain its members' priorities, to keep its members informed, and to improve its relations with the public.

XIII. CTA implements NEA policies within California and works to influence the development and content of those policies.

2. PRIORITY LEGISLATION REPORT
Approved the 2019 Organizational and Legislative Priorities. (Attachment “A”)

3. LAN Committee Referral – Creation of Training
State Council referred to the CTA Board of Directors the Language Acquisition Committee request that the CTA Board of Directors create a training related to the implementing of Proposition 58 and the creation of biliteracy programs through CTA’s Human Rights Department staff, as well as, its existing Cadre Training Program.

The Board referred the request to the CTA Executive Director. [February 2019]
4. **NBI 10/18-1 – Campaigning by Incumbent CTA Officers**
   Elected CTA officials should not campaign with our dues dollars. To ensure fair elections, the democratic process, and keep the advantages of incumbency from overwhelming other members’ opportunities, CTA officers and directors should immediately stop campaigning when they are visiting locals, service centers, or speaking in any official capacity.

   *The Board did not approve NBI 10/18-1, because it would deprive all CTA members running for or considering running for office an equal opportunity to campaign for office.* [February 2019]

5. **NBI 1/19-4 – Support of Federal Workers**
   State Council referred to the CTA Board of Directors NBI 1/19-4: That CTA communicate through appropriate means, including social media, our support of federal workers who have been directly affected by the shutdown and that our CTA president send a letter of support and solidarity to the union presidents who represent the affected federal workers.

   *The Board referred NBI 1/19-4 to the CTA Executive Director.* [February 2019]

6. **NBI 1/19-5 – Asylum Panel**
   State Council referred to the CTA Board of Directors NBI 1/19-5: That the CTA Board provide an asylum panel for State Council through the Racial Equity Affairs Committee (REAC). This panel will consist of asylum organizers that represent the intersectionality coalition of San Diego community organizers.

   *The Board referred NBI 1/19-5 to the CTA Executive Director.* [February 2019]

7. **NBI 1/19-6 – Oppose and Defeat “Remain in Mexico” Policy**
   State Council referred to the CTA Board of Directors NBI 1/19-6: Resolved: CTA opposes and will join with other organizations to defeat Donald Trump’s illegal “remain in Mexico” policy which returns migrants to Mexico while awaiting determination on their asylum applications, creating massive refugee camps on the Mexican/US border and effectively removing any right to asylum.

   *The Board referred NBI 1/19-6 to the CTA Executive Director.* [February 2019]
8. **NBI 1/19-8 – Vote-by-mail Registration Drives**
   State Council referred to the CTA Board of Directors NBI 1/19-8: CTA will create a statewide campaign to encourage locals to conduct vote-by-mail registration drives.

   *The Board referred NBI 1/19-8 to the CTA Executive Director. [February 2019]*

9. **NBI 1/19-9 – Candidates for California Democratic Central Committee**
   State Council referred to the CTA Board of Directors NBI 1/19-9: CTA will recruit members and pro-public school candidates to run at the county level for the California Democratic Central Committee and create a GOTV Campaign to encourage members who are registered Democrats to vote in these elections.

   *The Board approved NBI 1/19-9 and referred it to the CTA Executive Director. [February 2019]*

10. **NBI 1/19-10 – Endorsement of State Political Party Chairs**
    State Council referred to the CTA Board of Directors NBI 1/19-10: CTA will write policy to allow for endorsements of chairs of political parties at the state level, following the same process used to endorse constitutional offices.

    *The Board did not approve NBI 1/19-10. CTA maintains positive relationships with all party chairs. [February 2019]*

INFORMATIONAL ITEMS

1. CTA Board Member Mike Patterson discussed upcoming lobbying around charter school issues AB 1505, 1506, and 1507. He also reported that the CDE CTE workgroup formed almost two years ago that he and liaison Edward Youngblood were appointed to has still not met, yet there have been substantial changes made to the College and Career dashboard.
2. The ACT Legislation sub-committee shared they review 13 bills, most of which were spot bills. The committee recommends the following positions:

- AB 1354 (Gipson) – Tier 2 - Watch
- SB 334 (Pan) – Tier 2 - Watch
- SB 554 (Roth) – Tier 2 Watch

3. Liaison reports:
   - CA CTE (Edward Youngblood): CA CTE has been discussing the shortage of CTE teachers and how to prove competency other than hours to receive a CTE Designated Subjects credential. Visit Careertechvision.com and acte.org for further information on upcoming conferences.
   - CITEA – CA Industrial Technology Educators Association (Ruth Luevand): Ruth attended the annual CITEA conference last weekend. There was much discussion regarding the “silver tsunami” of Industrial Tech teachers, which the majority approaching, at or past retirement age. Representatives from industry also attended and are concerned about both the skilled worker pipeline and teacher pipeline. CITEA would like to collaborate with CTA on these issues.
   - CCAE – CA Council on Adult Education (Erica Dibella-Hitta): CCAE is concerned over protecting Adult Ed teachers losing positions as a result of Community College faculty teaching Dual Enrollment in Adult Ed programs.

4. CTE Subcommittee Report:
   - Colin Davis and Dennis “Walt” Walters reported the activity of the CTC CTE credentialing workgroup. The workgroup has held three meetings to date. Much of the conversation in those meetings centered around demonstrating competency to teach different pathways.
   - The subcommittee developed a CTE education flyer to help expand understanding of the differences between earning a CTE Designated Subjects credential and a General Education credential.

5. Alternative Education/Adult Education Subcommittee Report:
   - There was discussion about the new Alt Ed dashboard measures that were recently released.
CTE Credentialed Teacher:
- 3000 Industry hours
- 180 Pedagogy hours

Industry hours are hours the individual spends in the working sector. They bring hands-on real world experience with them.

BENEFITS:
- Students: increased graduation rates
  - Lower drop out rates
  - Career ready upon leaving high school
- Districts: increased access to funding (Perkins & CTE)
- Local: Increase membership

Standard Credentialed Teacher:
- BA/BS
- Credential
- 2250 hours

CHALLENGES: Keeping teachers/high roll-overs
1. limited chances for salary advancement
2. lower salary schedule
3. districts believe CTE teachers must have both the CTE credential and Bachelors which is not true.
4. CTE credential teachers must continue to work in their field or take classes related to the industry sector they are involved with. (no compensation for additional hours or units on salary schedule)

MATTERS PENDING

A. NBI# 3/19-10
   CTA will write policy opposing tax revenue being spent on banking fees that profit privately run
   banking institutions when that revenue could be recouped by using a public bank.

   Rationale: A significant portion of tax revenue allocated to school districts is spent on transaction
   fees that profit corporate banks instead of students and education services.

B. Policy subcommittee will consider policy on Proposition 98 encroachment.

C. Ongoing discussion on state categorical programs in the LCFF world.

INFORMATIONAL ITEMS

1. FPE Chairperson Jodi Dayberry welcomed new committee members, alternates and visitors.

2. Board Liaison Leslie Littman shared information on the plan to lobby locally on the charter school
   bill package on Fridays through the May 22nd President’s Lobby day. Nominations for FPE Chair and
   Vice Chair were opened.
3. Advocate Jennifer Baker provided information on federal tax conformity and the status of the state budget.

4. Dan Koen reported on the first two meetings of the Public Education Funding Workgroup.

5. FPE committee voted to recommend an oppose position on AB 176, AB 211, AB 250, AB 251, AB 264, AB 266, AB 347, AB 348, AB 350, AB 832, AB 1109, AB 1206, AB 1593, SB 5 (Tier 1), SB 422, SB 488, and SB 675; support position on AB 263 (Tier 1), SB 246 (Tier 1), SB 443, SB 468 (Tier 1), SB 729, and SCA 5 (Tier 1); and watch positions on 29 bills.

   AB 1097 – Watch
   AB 1233 – Watch
   AB 1234 – Watch
   AB 1240 – Watch
3. Co-consultant, Norma Sanchez, provided an update on the English Language Proficiency Assessments for California (ELPAC) and the Alternate ELPAC.

4. Co-consultant, Vernon Gettone, provided an update on the College and Career Indicator. See the attachment below.
The College/Career Indicator measures how well local educational agencies (LEAs) and schools are preparing students for likely success after graduation. Only graduates can be classified as Prepared or Approaching Prepared. For schools and LEAs to demonstrate success on this state indicator, high school graduates must meet at least one of the measures in the prepared level.

OTHER ITEMS FOR IMMEDIATE ACTION

NBI 1/19-1
The Committee moves to take immediate action and refer NBI 1/19-1 to the CTA Executive Officers.

NBI 1/19-1: Sponsor legislation to remove a moratorium on state sanctions for SLP services.

Rationale: This NBI is attempting to address issues surrounding make-up time for speech therapy services required in student IEPs. Many SLPs are required by their District to make-up therapy services they miss because of absence. Because of the current shortage of speech and language pathologists, many districts are forced to contract with private vendors for therapy services.

In January 2016, the Federal Office of Special Education Programs (OSEP), US Department of Education, reaffirmed its 2007 guidance letter (see attached memo) regarding missed IEP services in school settings. OSEP reiterated that the determination of whether an interruption of services constitutes a denial of free appropriate public education (FAPE) is an individual determination that must be made on a case-by-case basis. Whether the disruption in service is caused by a class activity (e.g. school assembly) or absence by the student or therapist, the IEP determines whether the services must be made up.

The SPS Committee encourages locals to negotiate contractual language addressing issues affecting members who provide Designated Instruction and Services (DIS) under IEPs. Issues include limits on non-voluntary work assigned beyond the regular workday and work year, compensation therapy provided beyond the regular workday and work year, per hour and per diem compensation for make-up sessions which SLPs voluntarily consent to provide. It is recommended that CTA disseminate sample contract language needed to protect SLP unit members.
NBI 1/19-2
SPS disapproves NB#1/19-2 because a student’s IEP dictates the frequency of a related service and amount of time in each session. The district needs to be held accountable to ensure they have enough SLP’s to provide such services in a timely manner.

NBI 1/19-2: Extend the weekly time frame for SLP services to a more manageable time frame (like twice a month or monthly).

Rationale: Federal law says that the frequency of a related service and the amount of time in each therapy session must be individually determined based on the child’s needs at the IEP team meeting. Frequency and amount of time must be written in the IEP. [20 U.S.C. Sec. 1414(d)(1)(A)(i)(IV); 34 C.F.R. Sec. 300.320(a)(7); 5 C.C.R. Sec. 3051(a)(2); Cal. Ed. Code Sec. 56345(a)(7).] The IEP team determines the frequency of services based on the specific needs of the student.

The SPS Policy Sub Committee will take steps to address the issues raised in NBI# 1/19-1 & 2. They have written and will distribute a survey regarding SLP caseloads.

1. Toni Trigueiro, CTA Legislative Advocate, reported on the push to fund mental health services for students. The SPS Committee asked Toni to affirm CTA’s policy around the use of non-credentialed mental health personnel.

The SPS committee believes that the most appropriate staff that should be used to deliver school-based mental health services are those individuals that possess a PPS or School Nursing Credential. Other licensed mental health professionals can be utilized to provide tier-three services as supplemental services, but those services should never supplant services provided by credentialed support personnel.

2. Sergio Martinez, CTA Board Liaison to SPS, reported out on CTA’s charter lobby effort. Sergio outlined CTA’s charter accountability bills. He outlined CTA’s three-fold strategy regarding charter accountability lobbying:

a) Currently, CTA members lobby Education Committee members and ask them to pass bills out of their committees.

b) After April 10th, CTA members will lobby legislators at the local level in their local offices.
c) May 22nd Lobby Day in Sacramento and CTA Rally is open to leaders, members, and community members. Sign-up with your CTA Board member.

4. Nicole Piscionere, Liaison to the CA School Library Association reported that there was a CTA California Reads table at their February conference. CSLA is promoting legislation that would update MSLS (Model School Library Standards) adopted in 2010 to fit current practices. If you want to read the bill, access this link: [SB 830](#) (need for tech literacy).

5. Patty Taylor, substitute Liaison to the California Association of School Counselors, reported on the CASC Conference held in northern California. Assemblymember Medina attended the conference. CASC has just started a legislative advocacy committee. The committee is working on legislation regarding college entrance and testing fraud.

6. Jacquella Payne, Liaison from the California School Nurse Organization, reported on the CSNO 69th Annual Conference in Monterey that was held in February. Tony Thurmond spoke to school nurses in attendance and vowed to support student health and school nurses. Jacquella presented informational sessions regarding CTA and union membership at the CSNO at the conference. CSNO is supporting AB 258, a bill which established school-based student support services programs.

7. Patty Taylor reported that the Pupil Services Coalition presented a well-received workshop regarding counseling and other student support services at the ACSA State “Every Child Succeeds” Conference last month.
8. CTA Board Member Sergio Martinez asked for nominations for 2019-2020 SPS leadership positions:

**Chair:** Allan Roberts was nominated

**Vice Chair:** Dorothy Chen was nominated
Erica was nominated

**Recording Secretary:** Nicole Piscionere was nominated

Additional nominations will be accepted at the June SPS Committee meeting and an election will be held.

NBI 3/19-3: CTA calls on the State of California to declare a five year moratorium on new charter schools. We call on the Governor, the California State Board of Education, and the California Department of Education to conduct a comprehensive study on the fiscal impact of charter schools on local districts.

The committee moves to declare this NBI moot. There is currently a charter school moratorium bill pending, SB 756, which the committee has taken a support position on.

   Tier 1: AB 314, AB 418, AB 500, AB 731, AB 1506, AB 1507, SB 328, SB 756

   Tier 2: AB 249, AB 346, AB 378, AB 406, AB 598, AB 824, AB 967, AB 969, AB 1224, AB 1249, AB 1161, AB 1613, SB 135
2. Seth Bramble, Legislative Advocate, reported on CTA’s package of Charter School reform bills. A copy of the information flyer is attached to this report.

3. The committee thanks John Havard, Vice-Chair, for filling in during Mike Sterling’s absence. We wish Mike a speedy recovery.
AB 1505 ensures local communities control the authorization and renewal of charter schools and allows local school boards to consider the economic, facilities and academic impacts of a charter school applicant on students in neighborhood public schools. Approving and renewing charter petitions should be made by the school communities in which the charter will be located. Studies show that in four California school districts alone, neighborhood public schools lost more than $650 million dollars that was shifted to charter schools.

AB 1506 establishes a cap on the unregulated growth of charter schools in California and brings the state in line with the intent of the original charter school law, which was to authorize charters upon agreement of the local educators, parents and community. The unregulated growth of corporate charters has led to numerous examples of waste, fraud and abuse that have negatively impacted students over the last two decades.

AB 1507 closes a loophole that allows a charter school to operate in a district where it has not been authorized. This practice undermines the ability of a local school board to determine the educational needs of its community.

Contact your lawmaker and tell them to support these important bills to protect our students and our public schools.

Highlighting TK in the California Educator

INFORMATIONAL ITEMS

1. Paula Merrigan, ECE Committee Chairperson, welcomed the Committee members. She highlighted the successes on the lobbying for SB 126. She also shared that CTA has three charter accountability bills. Paula discussed that Early Edge is looking for two Los Angeles area TK teachers to speak with on May 4, 2019 about TK issues. Paula reported on the AB 123 stakeholder meeting held in Sacramento on March 22, 2019.

2. Toni Trigueiro, Legislative Advocate, met with the Legislation Subcommittee to assist with bill positions and later shared the Legislative Analyst Office (LAO) summary report. She said that the AB 212 stipend program has run its course. The Committee concurred with the Special Ed Committee on AB 428 and took a watch on SB 217 which is a less comprehensive bill than AB 428. The Committee took a watch on the following bills: AB 123, AB 324, AB 1001, AB 1154 (concurred with CCA), AB 1256, SB 217 (concurred
with SEC), and SB 614. The Committee also concurred with FPE who was primary on AB 1109 and SB 443, and LAC who was primary on AB 1012. The Committee concurred with NEG’s Support position on AB 378.

3. The Policy Subcommittee is working on Full Day Kinder and TK policy.

4. The Education Subcommittee reported that they are working on Reasonable Standards for K and TK.

5. Giannina Perez, Senior Policy Advisor for the Governor, spoke to the Committee via phone. She shared how the Governor is looking for a full early childhood comprehensive program that includes students and families. The Governor’s Office is signaling to the state through budget proposals that early childhood is a long-term continuing commitment. In particular the Governor is focused on subsidized childcare and preschool as his two first priorities. She discussed wanting to engage more with the private sector to support childcare. She also suggested that the Governor’s Office wanted to review long-standing programs to make sure they are still working well (such as Head Start and CAL Works.) The topic of trauma-based care for early childhood education students was also discussed. The Committee made it clear that mandatory kindergarten is the #1 priority of the Early Childhood Education Committee. We were encouraged to provide a position paper and have more discussions regarding early childhood education with the Senior Advisor. Ms. Perez also said she was willing to discuss the kindergarten standards as ECE feels the standards are not developmentally appropriate. She finished with saying that the Governor was looking at early childhood education in terms of what is working and how could it work better. She looks forward to working with CTA and ECE.

6. CTA Board Liaison, Margie Granado discussed the 3 charter school budget bills: AB 1505, 1506, and 1507. She shared that CTA is planning to have local visits to legislators on Fridays regarding these bills. She encouraged members to volunteer to be lobbyists. She also wanted to know who is terming off ECE so the Committee can honor them in June. The Committee began nominations for Committee officers.

7. Liaisons to the Committee reported as follows:

California Association for the Education of Young Children (CAEYC)-Yvonne Molles reported that the next conference is April 11-13, 2019 in Santa Clara.

California Kindergarten Association-Maria Crisologo-Lum: No report.

First Five California-Monique Segura: No report.

p. 256 Shared Support/Parental Involvement

CTA believes the education of children is the shared responsibility of the parents, families and other caregivers, the students, the school and the community and the state. For the school to provide a complete system of educational delivery, the support of the family and the community is essential.

3. Students and their parents or guardians must sign written agreements with school representatives identifying their responsibilities. Those agreements must include but should not be limited to discipline standards, age-appropriate use of technology (both school and personal devices), performance goals and parental involvement. If a student, or his parent(s) or guardian(s) fail to comply with the agreement, he/she they may lose the right to attend that school and may be required to choose another school. School districts must always have the authority to assign severely disruptive students to alternative programs.

1. The Committee reviewed seventeen (17) pieces of legislation and took positions on fifteen (15), which are listed in the State Legislation report. The committee took no position on two (2) other bills.

2. Chairperson Keith Brown thanked members for their tremendous support of Oakland EA and Oakland students. He expressed gratitude for the solidarity from CTA family across the state who joined OEA members on the picket line. He shared OEA’s victories including securing a living wage for members, lowering class sizes, increasing student supports, a five-month moratorium on school closures, and a commitment to restorative justice programs. In addition, Keith reported on joint meeting with CRE, SPS, SEC, ECE to address increasing concerns regarding student behavior and discipline, school climate, and trauma informed practices. Next steps include forming a joint workgroup to plan a series of forums or workshops related to positive student discipline and behavior supports.

3. The committee provided input on the California Clean Air Day toolkit which may be used by school districts to assist in taking steps to create better air quality on and around school campuses. Clean Air Day is October 2nd, 2019.

4. The School Management Sub Committee discussed concerns brought forward by the Rural Issues Advisory Committee related to wildfire evacuation plans and will continue to develop recommendations for consideration at the next meeting.

5. Board Liaison Robert Ellis explained how the collective actions of UTLA, OEA, and members across the state are changing the narrative regarding public schools and the teaching profession. He advised members of upcoming days of action regarding charter school accountability and transparency and encouraged participation in the ongoing fight for the public schools California students deserve.

6. Staff Consultant Helen Farias shared several articles on school safety and climate. The first two focus on effective responses to bullying and threats of violence. Another article discusses the reality of PTSD in educators who witness and experience shocking or dangerous events. The last articles report on the crisis of disruptive student behavior and the impacts on the classroom. She shared a study and report conducted by Oregon Education Association, A Crisis of Disrupted Learning which can be viewed at https://tinyurl.com/disruptedlearning. Staff Consultant Alva Rivera provided a draft of the California Clean Air Day toolkit for the committee’s review. The toolkit was developed by the Coalition for Clean Air school workgroup, of which CTA is a member.

7. Legislative Advocate Toni Trigueiro reviewed AB 1722 regarding threat assessment teams. She expressed concerns with current wording of the bill as related to access and confidentiality of student records, and student tracking. In addition, she discussed SB 408 and SB 419, both dealing with suspensions over willful defiance.
8. Michael Musser, liaison to CalOSHA and School Action for Safety and Health (SASH), reported on a petition from the California Rural Legal Assistance Foundation seeking emergency regulatory protection for outdoor workers during wildfires. In addition, he recommended CTA work with School Action for Safety and Health (SASH) to address multiple work-related illness and injury concerns. He further recommended CTA develop a working relationship with Worksafe, an organization that provides legal support for non-unionized workers and advocates for safe working environments for all workers, including education employees. CalOSHA continues to work on workplace violence prevention guidelines.

9. Curtis Washington, liaison to Fair Employment and Housing, reported that the organization is interested in incidents of hate violence within the workplace, and how CTA may assist in providing documentation and insight into this issue.

10. Jacquella Payne, liaison to California School Nurses Organization (CSNO) shared that Tony Thurmond attended recent CSNO conference and ensured school nursing would be a priority in his administration.

11. The committee held nominations for officers for the upcoming year. Eric Roudabush was nominated for position of Chair. Jennifer Bradford was nominated for position of Vice Chair. Chris Finley was nominated for position of Recording Secretary. Additional opportunities for nominations and voting will occur in June.

Social Media

Social Media is a dynamic and ever-changing tool which allows education employees to interact with the student community and stakeholders. Local associations should support efforts to use Social Media to improve the quality of communications, to enhance the working conditions of the education employees and their rights. Social Media means any online platform for collaboration, interaction, and active participation, including but not limited to social networking sites such as Facebook, Twitter, YouTube, LinkedIn, Snapchat, Instagram, blogs, etc.

CTA believes that it is CTA's responsibility to systematically educate and protect education employees against the professional and personal dangers with regards to Social Media. CTA should develop guidelines ensuring all education employees clearly understand the risk factors and possible ramifications of using Social Media personally and professionally.

CTA believes that education employees need to be aware of their limits and liabilities of privacy, including perceptions their posts or pictures may create. Education employees need to be aware of the nuances of law, employer rights and web-based privacy settings. When using Social Media, education employees need to abide by ethical standards of online behavior. Education employees should have respect for the access, security procedures and systems of their district.
CTA believes education employees should recognize and reflect high standards of professionalism accorded to public service employees mandates. Education employees should use caution when making any post that may reflect negatively on their professional image; there is no expectation of privacy.

Foster Youth Protections

When the need arises for a student to be moved from one foster home to another, CTA supports the right of that student to remain enrolled in their original school district should they desire.

All students in foster care should have access to appropriate health, legal, and/or immigration services.

Rationale: Students in foster care may face uncertainty and instability in their home lives. By allowing them to remain in their school district and providing these services, we are providing some element of stability for them.

MAJOR POLICY – Second Reading

Page 322, To precede Immigration

Immigrants

CTA believes immigrants and their contributions have a positive effect on our society. Immigrants’ ideas, beliefs, customs, languages, traditions, and values and behaviors enrich our culture and the foundational fabric of society.

Rationale: CTA’s current policy of immigration does not address the positive impact immigrants have on American society. In the present socio-political climate where people of various cultures are being indiscriminately attacked, we need to have a statement that promotes and appreciates the contributions immigrants make to our society.
Community Schools

Community schools involve and support families and residents in the public school community and organize the wealth of assets that all communities have to focus on our youth and strengthen families and communities. A community school is both a place and a set of partnerships between the school and other community resources with an integrated focus on academics, health and social services, leadership, and community engagement. Its integrated focus on academics, youth development, family support, health and social services and community development leads to improved student learning, stronger families and healthier communities.

Community schools are based on an integrated focus on the whole child. The results are deeper engagement and greater overall academic success. Community schools lead to lower rates of absenteeism; better work habits, grades, test scores, and behaviors; higher enrollment in college preparatory classes; and higher graduation rates. Community schools include six pillars of practice, which are adaptable to the needs of an individual school’s students, staff, families, and community. The six pillars are:

Strong, Relevant Curriculum – Community schools provide a rich and varied academic program allowing students to acquire both foundational and advanced knowledge and skills in many content areas. Students learn with challenging, culturally relevant materials that address their learning needs and expand their experience. Learning and enrichment activities are provided before and after the regular school day, including sports, the arts, and homework assistance. Parents and families are supported through adult education that is responsive to their emerging needs.

High-Quality Teaching – Teachers at community schools are fully licensed, knowledgeable about their content, and skillful in their practice. Instructional time focuses on learning rather than testing. Individual student needs are identified, and learning opportunities are designed to address them. Higher order thinking skills are at the core of instruction so that all students acquire problem solving, critical thinking, and reasoning skills. Educators work collaboratively to plan lessons, analyze student work, and adjust curriculum as required. Experienced educators work closely with novices, sharing their knowledge and expertise.

Inclusive Leadership – The leadership teams of community schools include educators, other school staff, parents, students, and community members; they share the responsibility of school operations with the principal. This leadership team ensures that the community school strategy remains central in the decision-making process. The team plans development and implementation that includes thinking about sustainability, including organizing resources in new and more effective ways.

Positive Behavior Practices – Community schools emphasize positive relationships and interactions. Restorative discipline practices such as peer mediation, community service
and post-conflict resolution help students learn from their mistakes and foster positive, healthy school climates where respect and compassion are core principles. Negative behaviors and truancy are acknowledged and addressed in ways that hold students accountable while showing them they are still valued members of the school community. Zero-tolerance practices leading to suspension and expulsion are avoided.

Family and Community Partnerships – Families, caregivers, and community members are partners in community schools. Their engagement is not related to a specific project or program but is on-going and extends beyond volunteerism to roles in decision-making, governance and advocacy.

Community Support Services – Community schools recognize that students often come to school with challenges that impact their ability to learn, explore, and develop in the classroom. Because learning does not happen in isolation, community schools provide meals, health care, mental-health counseling, and other services before, during, and after school. These wrap-around services are integrated into the fabric of the school. Connections to the community are critically important so support services and referrals are available for families and other community members.

Rationale: CTA policy is needed to align with NEA policy on Community Schools, support bargaining demands for Community Schools, and shape emerging legislation. Most of this language is adopted from current NEA policy.

NBI #: 3/19-17: CTA will write policy supporting Net Neutrality.

INFORMATIONAL ITEMS
1. Chairperson Mona Davidson welcomed everyone to the meeting. She encouraged committee members to promote the John Swett Media Awards back in their locals.

2. Gayle Bilek, CTA Board Liaison discussed how the Red for Ed movement is alive and well in California. Members throughout the state, including in Gayle’s district wears red every Friday and encouraged the committee to continue to support Red For Ed throughout the year. May 22, 2019 is the Presidents lobby day and invited everyone to come even if not a president.

3. Assistant Manager Claudia Briggs led the committee’s discussion on legislation to fix the flawed charter school law in California. The committee discussed the fiscal impact that the ongoing proliferation of charter schools has had and is having on neighborhood public schools. Working together with lawmakers, labor partners, parents and community supporters, Governor Gavin Newsom made good on his campaign promise and signed SB 126. SB 126 ensures transparency and accountability to charter schools. Even though this is a big win for students, there is still more that needs to be done to address the flaws that are hurting students by taking millions in funding from neighborhood public schools.

The bills currently being considered:
- AB 1505 ensures local communities control the authorization and renewal of charter schools and allows local school boards to consider the economic, facilities and academic impacts of a charter school applicant on students in neighborhood public schools.
- AB 1506 establishes a cap on the unregulated growth of charter schools in California.
- AB 1507 prevents charters from operating outside of the district that authorized them.

The committee discussed ways for them to get involved in promoting and participating in the Red for Ed Uprising legislator meetings, lobby day and rally focused on supporting students and securing much-needed funding for public education. They went over the contents of the planning and communications toolkit that was developed and includes talking points, promotional flyers, and much more. Committee members talked about ways to participate in the May 22nd action day in Sacramento that will include lobbying, a news conference and rally on the steps of the state capitol.

The committee discussed the Kids Not Profits efforts that included “thank you” digital ads, mailers and full-page ad in the Sacramento Bee that thanks lawmakers who voted in support of SB 126 and urges them to vote for the newest bills recently introduced.

The committee also talked about the three-part series in the Los Angeles Times focused on the waste, fraud and abuse in privately-run charter schools can be found on the CTA Facebook page and here: Read the three-part series:

- Part 1: How a couple worked charter school regulations to make millions.
- Part 2: Struggling districts profit by approving charter schools with little oversight.
- Part 3: The politics behind changing the state’s charter school law.

4. Communications Manager Jonathan Goldman discussed the many things happening with the Red for Ed campaign, charter schools and our new Governor. Committee members were encouraged to share any story ideas or submission for the magazine to CTA’s magazine editor Katharine Fong at kfong@cta.org or editor@cta.org.

5. The online store for the Red for Ed merchandise is live. Please check it out at www.cta.org/redforedstore.

6. The Committee discussed the CTA.org web redesign and were encouraged to share ideas to rwarino@cta.org. Committee member Patrick Bernhardt added his feedback about building a website that can used around organizing and that can work well with local sites as well.

1. The Special Education (SEC) and Credentialing and Professional Development Committees (CPD) met jointly on Saturday morning to receive an update from the CTA Special Education Credential Response Team. The CTA Response Team updated members on work related to the proposed Education Specialist Credential changes outlined in Commission on Teacher Credentialing (CTC) agenda item 4D, scheduled to be heard at the April meeting. The Response Team reported that all changes suggested by CTA have been incorporated into the recommendations and thanked all the members from both committees who have articulated and supported CTA’s position over the last two years. Details on the agenda item can be found at https://www.ctc.ca.gov/docs/default-source/commission/agendas/2019-04/2019-04-4c.pdf?sfvrsn=2.
2. Board Member Susan Green spoke about upcoming in-district legislative visits regarding three current charter school bills. She also reminded members of the May 22 Presidents Lobby Day event in Sacramento to push back on charter schools.

3. The CPD Committee had a robust discussion on teacher voice and choice in professional development and how local unions are responding to educators’ needs in this area. This was an initial discussion and the committee will continue to assess and address the issue.

4. Legislative Advocate Isabelle Garcia updated CPD regarding two bills on which we took an interim position between January and March Council meetings.

5. The CPD Committee reviewed information on the CTC’s Educator Discipline Process and the role of the Committee on Credentials. Because of increasing workload, the CTC is examining ways to streamline the work of the Committee on Credentials. CTA will be working with the CTC to discuss possible solutions while maintaining members’ due process rights when adverse action against their credential is being considered. For information on the discipline process, go to https://www.ctc.ca.gov/educator-discipline/general/california's-educator-discipline-process.

6. CPD opened nominations for committee officers. Nominations will be taken until the June Council meeting when elections will be held. Current nominations: Chair – Ryan Ruelas; Vice Chair – Chandra McPeters; Recording Secretary – Angela Der Ramos, Courtney Ziani.

  CTA believes foreign language world language instruction at all educational levels is an important part of the total educational process and an integral part of international studies. CTA supports the maintenance of current programs and the further encouragement and development of foreign language world language instruction and international studies at all educational levels and supports the importance of teacher and student exchange programs as part of these studies.

- The committee recommends a declaring NBI 6/18-4 moot.

  NBI 6/18-4: CTA will sponsor legislation to reinstate and finance Driver’s Education classes into the high school curriculum for age-appropriate students.

  Rationale: C&I policy (page 277 Driver Education and Training) says that “driver education and training should be provided in the public school system for all high school students”. The Local Control Funding Formula (LCFF) allows districts the ability to decide what its program priorities should be. There is nothing that prohibits districts from offering drivers education at this time so the committee does not believe that sponsored legislations is necessary.

**Computer Science Coordinator**

"CTA believes that the California Computer Science Coordinator must have teaching experience at the level covered in the strategic plan. We further believe that the coordinator should meet at intervals no greater than six months with an advisory committee composed of currently practicing certificated teachers of computer science at all grade levels K-14. The committee should be tasked with a review of the plan every year as the subject matter will likely need revision at a greater rate than most other topics."

New Policy, Page 375, **Graduation Requirements** new 6th paragraph

CTA believes that when students are transient due to juvenile court, migrant, foster care or homelessness they should be able to earn credit for partially completed course work that was satisfactorily completed towards graduation requirements.

Page 270, **21st Century Essential Skills**

CTA believes students should practice higher order critical thinking skills and positive learning dispositions focusing on, but not limited to:

1. An emphasis on core and elective subjects.
2. The use of 21st Century tools to develop learning skills to teach and learn 21st Century content and context.
3. The use of 21st Century assessments that measure core subjects and 21st Century skills
4. Learning innovation skills, digital literacy skills, as well as practice practicing career and life skills

Page 276-277, **Curriculum Decisions**

CTA believes teachers should have the central role in the development, definition, and implementation of curriculum and should comprise a majority of all committees making or recommending decisions in the area. CTA further believes the manner and pace in which a course of study or district/state adopted program is implemented in a classroom shall be determined by the individual teacher and should reflect adopted California standards in all curricular areas. Curricular decisions should be based on current, valid research including, but not limited to, multiple intelligences, culturally relevant and culturally sustaining pedagogy, adequate learning time, recognizing student differences, and providing an enriched environment—and recognizing that a single method or set of materials may not be appropriate for all learners

Consequences of Narrowing Options: CTA believes the practice of programming students with low English and math scores into more than one English or math class in the same term or semester can lead to a narrowing of the educational opportunities for these students. This practice limits these students from taking career/technical, business, fine arts, foreign language, world language, and other elective classes, thereby denying all students the opportunity for a comprehensive education.
Gender Equity

CTA believes all school districts shall provide equal opportunities for females and males students of all genders in all curricula, co-curricular and extra-curricular activities. Sexism, gender discrimination and sexist language must be eliminated from the curriculum.

Homework Policy

CTA believes the goal of homework is to practice concepts and skills presented through previous instruction to allow experimentation or preparation in areas which will be further developed in classroom instruction. Homework is may be beneficial to students and it should both enhance the educational program and be an inherent part of the school program. Homework should be assigned at the discretion of the teacher to meet the needs and requirements of the course of study and/or enrich the lives of students.

NBI# 3/19-2
CTA shall urge CalSTRS to disinvest from fossil fuels and reinvest in renewable energy, at a rate of 15 million dollars per year.

The committee recommends an oppose position.

Rationale:
The Retirement Committee believes that engagement of fossil fuel companies through educated dialogue has proven to be more productive in accomplishing our goal than attempting to influence change by divesting. Encouraging divestment at a time that the plan has significant unfunded liability is fiduciarily irresponsible.

2. Rose Luna, CTA Staff Consultant, presented information on the changes affecting members in the Public Employees’ Pension Reform Act (PEPRA), credible compensation regulations, CalSTRS Unfunded Liability, Social Security Offsets, and Medicare.

PEPRA changed the law for all new members to CalSTRS and CalPERS who were hired after January 1, 2013. These new members have different retirement rules that include the following; they must work an additional two years to age 65 to get use the 2.4% retirement factor, they must use a three-year consecutive average to calculate their final compensation, they must pay 50% of the normal cost of retirement benefits, and are excluded from using one-time payments to count to their Defined Benefit Supplement account.

PEPRA also contains changes that affect all members. These changes include; a 180 calendar day wait period prior to returning to CalSTRS or CalPERS creditable service after retirement, earnings limit for work after retirement of $45,022 for CalSTRS creditable work in this fiscal year, and individuals convicted of a job-related felony lose their retirement as of the date they committed the crime.

Credible Compensation regulations for members hired prior to January 1, 2013 have been changed. In order for compensation to be credited to the Defined Benefit, it must be available to the whole class of employees, must be used as the base for future increases, and must be ongoing.

3. November 1, 2018

Dear Reader:

I am pleased to present the 12th annual report from the CalSTRS Green Initiative Task Force, the Green Team, detailing the Investments Branch activities relating to environmental risk management and opportunity capture. This report reflects CalSTRS’ recognition that environmental issues have the potential to affect the performance of the CalSTRS Investment Portfolio across companies, sectors, regions and asset classes. The increasing importance of environmental considerations in investing has rarely been more evident than it is today. We are routinely made aware of environmental-related events that impact society and the economy.

CalSTRS has long advocated the need for companies to disclose information on both the financial and nonfinancial aspects of company operations as this disclosure is needed to comprehensively assess risk and properly value investments. However, simply providing more disclosure is not the solution. Companies need to provide the right disclosure—disclosure on environmental, social and governance issues that present significant material risks to corporate value.

CalSTRS believes that the use of industry-specific ESG accounting standards, such as those developed by the Sustainability Accounting Standards Board, will help public corporations simplify their ESG disclosures while providing valuable information to investors. We also believe that constructive engagement is a best practice means of influencing a company’s behavior. CalSTRS Investments staff has led collaborative engagements with the world’s largest investors through the SASB Investor Advisory Group as a means of promoting the SASB standards in order to further push for corporate adoption and participation.

Our staff also leads several engagements through Climate Action 100+, a five-year initiative led by investors to engage the world’s most significant greenhouse gas emitters. We are joined by nearly 300 investors from 29 countries that collectively manage US$31 trillion in assets under management. Investors are calling on companies to improve governance on climate change, curb emissions and strengthen climate-related financial disclosures.

As you explore our 12th annual report, you will notice several examples of sustainable and green investments, and some of the methods that each of our asset classes uses to identify and evaluate environmental risks throughout the investment management process.

Finally, I am happy to announce the second phase of the CalSTRS $2.5 billion Low-Carbon Index will take place in fiscal year 2018-19. This phase will include an approximate $1.0 billion investment in non-U.S. developed markets. This follows the successful initial implementation of the CalSTRS Low-Carbon Index which took place July 1, 2017, and represented a $1.3 billion investment in the U.S. market. Over time, CalSTRS will invest an additional $200 million in emerging markets.

I thank you for taking the time to consider this report, and encourage you to join us and our collaborative partners as we promote environmental risk management and investment awareness throughout the global financial markets.

Sincerely,

Christopher J. Allman

CalSTRS MISSION: SECURING THE FINANCIAL FUTURE AND SUSTAINING THE TRUST OF CALIFORNIA’S EDUCATORS

INV208
The Value of CalSTRS Engagements

Corporate engagement is a critical component used by the CalSTRS Sustainable Investment and Stewardship Strategies team to influence change that supports long-term value creation. Every fiscal year, SISS staff, under direction from the Teachers’ Retirement Board, determines the key issues on which to engage portfolio companies. Each issue must be consistent with the CalSTRS Corporate Governance Program and Portfolio Policy, and the Investment Policy for Mitigating Environmental, Social and Governance Risks.

CalSTRS engagements seek to influence companies to adopt best practices in managing environmental, social and governance issues, creating sustainable businesses. Similarly, CalSTRS engages policymakers to advocate for strong governance practices that improve the investing landscape for shareholders and our beneficiaries. All of CalSTRS’ corporate engagement activities begin with private contact with the company.

CalSTRS emphasis on engagement instead of divestment is strategically important to the Teachers’ Retirement Fund. An engagement-led strategy provides a two-fold benefit. First, we uphold our shareholder rights through proxy voting—we vote more than 8,000 domestic and global proxies every year. Second, we build relationships with companies and associated industries. These relationships open the door to discuss a myriad of issues that may impact the fund’s long-term value. The board considers divestment a last resort; all avenues of engagement are exhausted and a thorough, detailed financial analysis is conducted before it makes a divestment decision. No matter the size of the divestment, the negative impact to the fund is doubled—we lose our voice and investment dollars.

To date—June 4, 2000 to December 31, 2018—, the estimated loss to CalSTRS related to divestment is approximately $6 billion. This loss represents investment restrictions imposed by state and federal government sanctions and divestments authorized by the board. In 2000, tobacco was the first restricted investment to affect the fund. The most recent divestment—from private prison companies Core Civic and GEO Group—was authorized by the board in November 2018. The estimated impact on the fund as a result of this latest divestment will be reported in a subsequent edition of this fact sheet.

Current Engagement Highlights:

Diversity & Human Capital Management
CalSTRS collaborates with three like-minded investor groups, the Thirty Percent Coalition, the California Initiative and the Coalition of 6 (a group of global institutional investors), to engage directors—particularly board nominating committees—on the issue of board diversity. These engagements concentrate on companies—in both the S&P 500 and Russell 3000—with either no women or only one woman on their board. Since this collaborative work began in 2016, we have initiated 797 engagement letters (which includes follow-up letters) and have achieved tangible results: 221 women were appointed to the boards of 208 companies. Engagement continues with companies that have either not appointed women or not made any commitments to improving their board diversity.

We also engage companies through the Human Capital Management (HCM) Coalition to elevate and emphasize human capital management as a critical component of a company’s economic performance. Through our engagement we seek to encourage better disclosure of how companies manage the demographics, composition, knowledge, motivation, skills and experience of their workforce: a company’s most valuable asset. In fiscal year 2018-19, CalSTRS will lead engagements at two of the 34 companies prioritized by the HCM Coalition.

Low Carbon Transition
Task Force on Climate-related Financial Disclosure
In 2017, CalSTRS committed to engage at least 100 companies (20 per year for five years) to encourage them to provide better disclosure regarding climate risk in line with the recommendations of the Task Force on Climate-related Financial Disclosure. To date, CalSTRS has engaged more than a quarter of the 100 companies. Our engagement has helped drive adoption. As of January 2019, nearly 500 companies have committed to support TCFD recommendations.

TCFD developed voluntary, consistent climate-related financial risk disclosures for use by companies in providing information to investors. TCFD helps firms understand what financial markets want from disclosure in order to measure and respond to climate change risks and encourages firms to align their disclosures with investors’ needs.
Low Carbon Transition

Climate Action 100+

CalSTRS is actively involved in this collaborative engagement effort of more than 300 global investors—currently representing $33 trillion—focused on the largest global emitters of carbon dioxide. The five-year effort centers around actions the companies are taking or plan to take to manage and mitigate climate change risk. CalSTRS is leading the engagement with eight companies; four U.S.-based, and four Japan-based. Additionally, CalSTRS is a supporting investor at five additional companies. Engagement meetings with all companies are ongoing.

Environmental, Social, Governance Disclosure

CalSTRS is a member of the Sustainability Accounting Standards Board’s Investor Advisory Group, a group of more than 30 investors currently representing $26 trillion. SASB Investor Advisory Group members share a common goal: seeking consistent, comparable, and reliable disclosure of material, decision-useful sustainability-related information from the companies in which they invest. Members believe material ESG factors can influence long-term risks and returns of companies. The current lack of consistent and comparable ESG-related disclosure places a growing burden on corporations and presents challenges to investors in the evaluation and pricing of ESG-related risks and opportunities. CalSTRS is taking a leading role in engaging companies to disclose material and decision-useful ESG information to investors to improve the quality and comparability of sustainability-related information.

Financial Markets - Regulatory

CalSTRS has a vested interest in safeguarding shareholder protections within the rules and regulations of the U.S. and global securities markets. Thus, we respond to proposed legislation and regulations that may affect these rights. Fiscal year-to-date, we have submitted letters to: domestic and global stock exchanges regarding listing standards on multi-class shares; the SEC on refining the proxy voting process; and, the Committee on Financial Services regarding H.R. 625—Promoting Transparent Standards for Corporate Insiders Act. These submissions are publicly available on CalSTRS website.

Firearms

CalSTRS is currently looking to hire an engagement specialist to lead our work with industry and stakeholder groups on firearms issues, based upon the Principles for a Responsible Civilian Firearms Industry. The five principles provide a framework for institutional investors seeking to improve engagement with public and private companies globally that manufacture, distribute, sell or regulate products within the civilian firearms industry to address gun safety issues and reduce investment risk.

Opioids

CalSTRS is actively involved with Investors for Opioid Accountability (IOA), a diverse coalition of institutional investors with 54 members representing $3.5 trillion in assets under management. The IOA was established in July 2017 to engage with opioid manufacturers, distributors, treatment manufacturers, and retailers that manufacture risks that have implications for long-term shareholders, communities and the economy. Since 2017, the coalition has filed 33 shareholder resolutions and reached a settlement on 29 of these proposals, three of which were filed by CalSTRS. The coalition is currently in active discussions with 10 companies on shareholder resolutions that have or will be voted on by shareholders for the 2019 proxy season.

Private Prisons

At the July 2018 Investment Committee meeting, CalSTRS Chief Investment Officer invoked the Fund’s Divestment Policy under the ESG Risk Factor: Respect for Human Rights of CalSTRS Investment Policy for Mitigating ESG Risks, as it applied to our public investments in private prison companies. At the November 2018 meeting, the Investment Committee, voted to divest of CalSTRS holdings in two U.S.-based private prison companies. Staff has removed the companies from the CalSTRS Custom Indexes, implemented the restrictions on buying securities of the companies, and completed liquidation of the securities on December 21, 2018.

Country-Related Activities

Iran

In May 2018, the U.S. withdrew from the Iran nuclear deal (formerly known as the Joint Comprehensive Plan of Action), and later reinstated sanctions on Iran, while granting limited waivers for eight countries. The U.S. withdrawal and reinstatement of sanctions has created market uncertainty as companies and countries respond to U.S. policy. CalSTRS engages companies we have identified as having ties to restricted countries to ensure that we comply with our internal controls to prevent sanction violations and to file an accurate annual report with the Legislature detailing our activities.
Windfall Elimination Provision

Your Social Security retirement or disability benefits can be reduced

The Windfall Elimination Provision can affect how we calculate your retirement or disability benefit. If you work for an employer who doesn’t withhold Social Security taxes from your salary, such as a government agency or an employer in another country, any retirement or disability pension you get from that work can reduce your Social Security benefits.

When your benefits can be affected

This provision can affect you when you earn a retirement or disability pension from an employer who didn’t withhold Social Security taxes and you qualify for Social Security retirement or disability benefits from work in other jobs for which you did pay taxes.

The Windfall Elimination Provision can apply if:

- You reached 62 after 1985; or
- You became disabled after 1985; and
- You first became eligible for a monthly pension based on work where you didn’t pay Social Security taxes after 1985. This rule applies even if you’re still working.

This provision also affects Social Security benefits for people who performed federal service under the Civil Service Retirement System (CSRS) after 1956. We won’t reduce your Social Security benefit amounts if you only performed federal service under a system such as the Federal Employees’ Retirement System (FERS). Social Security taxes are withheld for workers under FERS.

How it works

Social Security benefits are intended to replace only some of a worker’s pre-retirement earnings.

We base your Social Security benefit on your average monthly earnings adjusted for average wage growth. We separate your average earnings into three amounts and multiply the amounts using three factors to compute your full Primary Insurance Amount (PIA). For example, for a worker who turns 62 in 2019, the first $926 of average monthly earnings is multiplied by 90 percent; earnings between $926 and $5,583 by 32 percent; and the balance by 15 percent. The sum of the three amounts equals the PIA which is then decreased or increased depending on whether the worker starts benefits before or after full retirement age (FRA). This formula produces the monthly payment amount.

When we apply this formula, the percentage of career average earnings paid to lower-paid workers is greater than higher-paid workers. For example, workers age 62 in 2019, with average earnings of $3,000 per month could receive a benefit at FRA of $1,497 (approximately 49 percent) of their pre-retirement earnings increased by applicable cost of living adjustments (COLAs). For a worker with average earnings of $8,000 per month, the benefit starting at FRA could be $2,686 (approximately 33 percent) plus COLAs. However, if either of these workers start benefits earlier, we’ll reduce their monthly benefit.

Why we use a different formula

Before 1983, people whose primary job wasn’t covered by Social Security had their Social Security benefits calculated as if they were long-term, low-wage workers. They had the advantage of receiving a Social Security benefit representing a higher percentage of their earnings, plus a pension from a job for which they didn’t pay Social Security taxes. Congress passed the Windfall Elimination Provision to remove that advantage.

Under the provision, we reduce the 90 percent factor in our formula and phase it in for workers who reached age 62 or became disabled between 1986 and 1989. For people who reach 62 or became disabled in 1990 or later, we reduce the 90 percent factor to as little as 40 percent.

Some exceptions

The Windfall Elimination Provision doesn’t apply if:

- You’re a federal worker first hired after December 31, 1983;
- You’re an employee of a non-profit organization who was first hired after December 31, 1983;
- Your only pension is for railroad employment;
- The only work you performed for which you didn’t pay Social Security taxes was before 1957; or
- You have 30 or more years of substantial earnings under Social Security.
The Windfall Elimination Provision doesn’t apply to survivors benefits. We may reduce spouses, widows, or widowers benefits because of another law. For more information, read Government Pension Offset (Publication No. 05-10007).

Social Security years of substantial earnings
If you have 30 or more years of substantial earnings, we don’t reduce the standard 90 percent factor in our formula. See the first table that lists substantial earnings for each year.

The second table shows the percentage used to reduce the 90 percent factor depending on the number of years of substantial earnings. If you have 21 to 29 years of substantial earnings, we reduce the 90 percent factor to between 45 and 85 percent. To see the maximum amount we could reduce your benefit, visit www.socialsecurity.gov/planners/retire/wep-chart.html.

A guarantee
The law protects you if you get a low pension. We won’t reduce your Social Security benefit by more than half of your pension for earnings after 1956 on which you didn’t pay Social Security taxes.

Contacting Social Security
The most convenient way to contact us anytime, anywhere is to visit www.socialsecurity.gov. There, you can: apply for benefits; open a my Social Security account, which you can use to review your Social Security Statement, verify your earnings, print a benefit verification letter, change your direct deposit information, request a replacement Medicare card, and get a replacement SSA-1099/1042S; obtain valuable information; find publications; get answers to frequently asked questions; and much more.

If you don’t have access to the internet, we offer many automated services by telephone, 24 hours a day, 7 days a week. Call us toll-free at 1-800-772-1213 or at our TTY number, 1-800-325-0778, if you’re deaf or hard of hearing.

If you need to speak to a person, we can answer your calls from 7 a.m. to 7 p.m., Monday through Friday. We ask for your patience during busy periods since you may experience a higher than usual rate of busy signals and longer hold times to speak to us. We look forward to serving you.
A law that affects spouses and widows or widowers

If you receive a retirement or disability pension from a federal, state, or local government based on your own work for which you didn’t pay Social Security taxes, we may reduce your Social Security spouses or widows or widowers benefits. This fact sheet provides answers to questions you may have about the reduction.

How much will my Social Security benefits be reduced?

We’ll reduce your Social Security benefits by two-thirds of your government pension. In other words, if you get a monthly civil service pension of $600, two-thirds of that, or $400, must be deducted from your Social Security benefits. For example, if you’re eligible for a $500 spouses, widows, or widowers benefit from Social Security, you’ll get $100 a month from Social Security ($500 – $400 = $100). If two-thirds of your government pension is more than your Social Security benefit, your benefit could be reduced to zero.

If you take your government pension annuity in a lump sum, Social Security will calculate the reduction as if you chose to get monthly benefit payments from your government work.

Why will my Social Security benefits be reduced?

Benefits we pay to spouses, widows, and widowers are “dependent” benefits. Set up in the 1930s, these benefits were to compensate spouses who stayed home to raise a family and were financially dependent on the working spouse. It’s now common for both spouses to work, each earning their own Social Security retirement benefit. The law requires a person’s spouse, widow, or widower benefit to be offset by the dollar amount of their own retirement benefit.

For example, if a woman worked and earned her own $800 monthly Social Security benefit, but was also due a $500 wife’s benefit on her husband’s record, we couldn’t pay that wife’s benefit because her own benefit offset it. But, before enactment of the Government Pension Offset, if that same woman was a government employee who didn’t pay into Social Security and earned an $800 government pension, there was no offset. We had to pay her a full wife’s benefit and her full government pension.

If this person’s government work had been subject to Social Security taxes, we would reduce any spouse, widow, or widower benefit because of their own Social Security benefit. The Government Pension Offset ensures that we calculate the benefits of government employees who don’t pay Social Security taxes the same as workers in the private sector who pay Social Security taxes.

When won’t my Social Security benefits be reduced?

Generally, we won’t reduce your Social Security benefits as a spouse, widow, or widower if you:

- Receive a government pension that’s not based on your earnings; or
- Are a federal (including Civil Service Offset), state, or local government employee and your government pension is from a job for which you paid Social Security taxes; and:
  - Your last day of employment (that your pension is based on) is before July 1, 2004; or
  - You filed for and were entitled to spouses, widows, or widowers benefits before April 1, 2004 (you may work your last day in Social Security covered employment at any time); or
  - You paid Social Security taxes on your earnings during the last 60 months of government service. (Under certain conditions, we require fewer than 60
months for people whose last day of employment falls after June 30, 2004, and before March 2, 2009.)

There are other situations for which we won’t reduce your Social Security benefits as a spouse, widow, or widower; for example, if you:

- Are a federal employee who switched from the Civil Service Retirement System (CSRS) to the Federal Employees’ Retirement System (FERS) after December 31, 1987; and:
  - Your last day of service (that your pension is based on) is before July 1, 2004; or
  - You paid Social Security taxes on your earnings for 60 months or more during the period beginning January 1988 and ending with the first month of entitlement to benefits; or
  - You filed for and were entitled to spouses, widows, or widowers benefits before April 1, 2004 (you may work your last day in Social Security covered employment at any time).

- Received, or were eligible to receive, a government pension before December 1982 and meet all the requirements for Social Security spouse’s benefits in effect in January 1977; or

- Received, or were eligible to receive, a federal, state, or local government pension before July 1, 1983, and were receiving one-half support from your spouse.

**Note:** A Civil Service Offset employee is a federal employee, rehired after December 31, 1983, following a break in service of more than 365 days, with five years of prior CSRS coverage.

What about Medicare?

Even if you don’t get cash benefits from your spouse’s work, you can still get Medicare at age 65 on your spouse’s record if you aren’t eligible for it on your own record.

Can I still get Social Security benefits from my own work?

The offset applies only to Social Security benefits as a spouse, or widow, or widower. However, we may reduce your own benefits because of another provision. For more information, ask for Windfall Elimination Provision (Publication No. 05-10045).

LIAISON COMMITTEE OF THE WHOLE

The liaison committee received training from our GR Lobbyists on the Charter School Package, Tax Credit and Conformity as well as School Based Health. Thank you to Legislative Advocates, Seth Bramble, Toni Trigueiro and Jennifer Baker for their expertise on these important topics. Members of the Liaison Committee congratulated Lynette Nyaggah on her upcoming Retirement and for all her hard work on behalf of CCA, Consultation Council of Faculty Organization/Chancellors Consultation Council.

SUMMARY OF REPORTS

The Pupil Coalition held a workshop titled “Every Student Counts”. The workshop was a great turnout of 140 attendees. Thanks to CTA for their presentation on AB 8.

Community of Practice on Secondary Transition State Director, Kristin Wright would like to set up a hotline for teachers and would also like to be a guest at State Council.

Online Community College begins in the Summer of 2019. There are many issues around transparency of the new administration on this new Statewide endeavor.

The Board of Trustees of CAL STRS is hearing reports on the CAL STRS Green Initiative Task Force. Since 2007 CAL STRS supports investing in companies that support green efforts/renewables and engaging with companies to move towards better practices.

PPPC will be reviewing campaign finances from 2015. Make sure your local is aware, because fines could be issued during their enforcement.

Equality California

The California Assembly Education Committee voted 5-0 to pass the Safe and Supportive Schools Act of 2019 (AB 493), legislation that would provide California public schools with resources to give teachers and staff the tools needed to support lesbian, gay, bisexual, transgender and queer (LGBTQ+) students. Committee Vice Chair Kevin Kiley (R-Rocklin) did not cast a vote. AB 493 is authored by Assembly member Todd Gloria (D-San Diego) and co-sponsored by State Superintendent of Public Instruction Tony Thurmond and Equality California, the nation’s largest statewide LGBTQ civil rights organization.
Superintendent Thurmond and Equality California passed similar legislation (AB 2153) in 2018 with bipartisan support in both the Assembly and Senate, but the bill was vetoed by then-Governor Jerry Brown.

Liaison are requesting that when CTA buys or sponsors tables, we have a tracking mechanism to make sure the tables are staffed and attended.

**California Reading Association** -

**Better Together: California Teachers Summit** on July 31 is a unique, free opportunity for teachers and teacher education students to collaborate and connect with their peers, build a network of teaching professionals and celebrate their work. They'll walk away with concrete tools they can immediately use in their classrooms to implement the Ca Standards, including the (Next Generation Science Standards/mathematics/California English language Arts/English Language Development Framework).

**CSLA Advocacy Toolkit**

Does your school/district have credentialed Teacher Librarians? If not, use this toolkit to start the process so your students aren’t at a disadvantage. Check the CSLA website for more information. [www.csla.net](http://www.csla.net)

The liaisons had good discussions about how to promote CTE Education in trade areas such as Manufacturing through CTA conferences, counseling conferences, etc. There is a ‘silver tsunami’ for both workers in high paying, skilled trades, and instructors for those pathways. The CA Industrial Education Association (CITEA) is interested in partnering with CTA on this important issue.

CCAE board met in Sacramento. There is concern from CCAE about Adult Ed teachers being displaced when community college faculty teach Dual Enrollment classes in Adult Education. This is a similar issue that was addressed in CTE education through AB 288. They are interested in similar protections.

At a recent CUE board meeting (Computer Using Educators), there was discussion about Tony Thurmond following through with a pledge to hold a summit around ACR 268, which CUE is hoping CTA will be part of.

CTA shall urge CalSTRS to disinvest from fossil fuels and reinvest in renewable energy, at a rate of 15 million dollars per year.

**Rationale:** We cannot sit idly by and do nothing while the world heads toward ecological collapse. The amount of 15 million dollar per year represents 2.5% of what CalSTRS currently invests in fossil fuels. At this rate, the solvency of the pension plan would not be in danger and allows time for adjustments. Fossil fuel divestment movement exceeds 8 trillion dollars. What are we waiting for? We don’t want to wait until our investments become stranded assets. If we care about the future of our pensioners and all children, we need to plan past next year’s returns on our investments.

**LTSP Area:** Diversity - Social Justice

**LTSP Explanation:** Diversity and social justice rely on a healthy planet for this generation and those to come.

CTA calls on the State of California to declare a five year moratorium on new charter schools. We call on the Governor, the California State Board of Education, and the California Department of Education to conduct a comprehensive study on the fiscal impact of charter schools on local districts.

**Rationale:** Many school districts are currently in the midst of significant financial strain across the state. Two major cities have gone on strike due to these pressures. A moratorium would allow local districts to take some time to focus on academic achievement and growth while assessing the impact of charter schools.

**LTSP Area:** Advocacy

**LTSP Explanation:** We are advocating for our community public schools to preform to the best of their ability without unnecessary competition.

That CTA send a letter to NEA President Lily Eskelsen Garcia expressing disappointment in the silencing of our members through canceling the Open Resolutions Hearing, and demanding that the Open Resolutions Hearing be reinstated at the 2019 RA.

**Rationale:** A time-honored educational institution such as ours, fundamentally rooted in the fabric of American democracy, needs to protect its most cherished possession, its belief statements. We should not allow the institution itself to eliminate the democratic debate necessary to engage in our beliefs, further stifling the basic democratic nature of resolutions and the NEA.

**LTSP Area:** Organizing Culture

**LTSP Explanation:** In order for our union to have a strategic plan to organize our members, we need to have beliefs to organize around.

**Rationale:** The K-12 Privatization Movement is highly publicized and written about, but the same and similar forces are privatizing our public institutions of higher ed. We also see privatization in the for-profit college industry. We need a comprehensive plan to stop privatization at all levels and we need to understand the issues.

That CTA develop sample resolution language, that members can bring to their local governing boards (school districts) and city councils, to support the Schools and Communities First Initiative.

**Rationale:** All members need to engage their communities in this initiative. Sample resolution language and talking points will be an effective method for members to advocate in a consistent and “easy” manner.

**LTSP Area:** Advocacy

**LTSP Explanation:** It is crucial that we pass this initiative to close the corporate tax loopholes which have attempted to systematically cripple our schools. This initiative will bring in billions of dollars to our schools and social services in CA.

That CTA oppose the Portfolio Model takeover of our public school districts. I further move that CTA include an in-depth article about the Portfolio Model takeovers in the CTA magazine.

Rationale: This model of underfunding, competition, and labeling schools as failures to be turned over to private entities is helping to destroy school districts across the country. Recently, the LAUSD Superintendent proposed this model for the district. Members need to be educated on this threat to our public school districts.

LTSP Area: Organizing Culture

That CTA mobilize chapters and provide appropriate resources, up to $350,000, for a mass RedForEd lobby and rally day on May 22, 2019, in Sacramento demanding increased public education funding and a cap/moratorium on charter school authorizations. CTA shall invite supportive unions and parent, student, and community organizations to participate.

**Rationale:** When educators and their allies throughout the country have exerted mass pressure on their lawmakers, they achieved gains far greater than through traditional lobbying. Mass actions are especially needed in California, with the world’s fifth largest economy but 43rd in per pupil funding and with the most privately run charter schools in the nation. May 22 is an especially important time to show mass support for pending legislation to rein in charter school expansion and to counter the CCSA lobby. INFORMATIONAL ITEMS

1. Distributed sample rationale guides to State Legislation Committees

2. The State Legislation Committee opened nominations for its leadership positions for 2019-20:

   Chair – Kathy Sharp
   Vice-Chair – Erich Myers
   Recorder – Corey Penrose
LEGISLATIVE TERMS:

Amend:
To alter formally by modification, deletion, or addition.

Appropriation:
A legislative authorization to make expenditures and incur obligations for specific governmental purposes; usually limited as to time when it may be expended. One of the prime responsibilities of the Legislature is this power to appropriate moneys.

Companion Bill:
Two bills identical in wording that are introduced in each house. They will most likely not have the same number. Some companion bill sponsors feel it will increase the chances for the passage of the bill.

Legislative Deadlines:
Deadline set by a legislative body for specified action, such as bill introduction, committee action, or initial passage of bills by either house.

Effective Date:
The date a bill, once passed, becomes law. Unless a different date is specified, bills become law when approved.

Floor:
Reference to the interior of the chamber of either house. Floor action suggests consideration by the Assembly or Senate rather than committee action.

Held in Committee:
The defeat of a measure by the decision of a standing committee not to return it to the full house for further consideration.

Pull:
The act of removing a specific legislative bill from an inclusive list for the purpose of review, discussion, change a position, etc.

Reconsideration:
A motion that, if carried, allows a measure that failed or passed to be heard again in committee or on the Floor. This more commonly occurs when a bill has failed passage on third reading on the floor where the author/presenter will “notice reconsideration” upon the final tally of the votes. However, it does occasionally happen during the committee process as well.

Resolution:
A measure expressing the will, wish, or direction of the Legislature. It does not have the effect of law.

Resolution-Concurrent Resolution:
A resolution which requests action or states the Legislature’s position on an issue.
Resolution-Memorial Resolution:
A nonsubstantive resolution used to convey the sympathy and condolences of the Legislature on the passing of a constituent or a dignitary.

Spot Bill:
A spot bill is a proposal not fully developed or containing sufficient information necessary to make a determination to support or suppose.

Sunset Law:
A provision shutting off a program or agency on a specific date, requiring reexamination and a fresh authorization prior to that date to continue.

Urgency:
An urgency measure goes into effect immediately once passed by both houses and signed by the Governor. This type of measure requires a 2/3 vote.

Veto:
A power vested in the governor to prevent the enactment of measures passed by the Legislature by returning them, with objections, to the Legislature.

*CAPITOL SPEAK: For those unfamiliar to the legislative process, phrases used can appear to be from a different language. The inclusion of Capitol Speak descriptions below are provided to assist you in understanding the legislative arena.

Across the desk:
When a bill or amendment is officially introduced. Common to hear staffers or third house members ask: “Is that across the desk yet?”

Blue pencil:
The governor’s line-item veto. Dreaded by legislators hoping to protect spending priorities.

District bill:
Legislation addressing a specific local or district issue of the legislator carrying the bill. If approved, legislation applicable in the district only.

Dog House:
The Legislature’s smallest office, located on the sixth floor and generally assigned to an Assembly member who has angered leadership.

Free Ride:
To run for a different office when your current elected position is not up for re-election. If you lose, you retain your current elected position.

Gut and Amend:
To hollow out an existing bill and fill it with new language. A good way to sneak in new (or old, previously defeated) bills late in a session.
Hijack:
To insert an existing legislative measure into a new bill. For example, transplanting a legislative measure authored by a member of one political party into a different legislative measure by a member of a different political party and claiming ownership.

Interim Study:
A common tactic to kill bills without the messiness of a vote. Rather than vote against a legislative measure, legislature decide to study it more – after the session ends.

“I wasn’t going to speak today”:
The most common sentence lawmakers say before they begin to speak.

Job killer:
Description of legislative measures identified by the California Chamber of Commerce, Republicans and moderate Democrats as adversely impacting the creation, availability, and duration of employment opportunities in CA. (Typically affixed to priorities of organized labor, environmentalists, and other Democratic allies.

Juice Committee:
Committee that oversees wealthy or politically potent industries. Membership guarantees a steady revenue of campaign contributions

Jungle primary:
Derisive nickname for the top-two primaries, in which top two vote getters advance to general election regardless of political party.

Lay off:
To avoid voting on a controversial bill. Effectively the same as a no vote, for purposes of passing a bill but can look better politically. Synonym for “take a walk.” A practice more associated with political moderates of either political party.

May revision (or the ungrammatical “May revise”):
Common term for governor’s May budget proposal. Unlike the January budget proposal, it reflects new tax revenue (April 15 tax submission deadline) and therefore offers the starting point for serious budget talks.

Mod:
A moderate Democrat. Friendly to business interests and irritant to Democratic leadership.

On call:
When the voting roll remains open after an initial count falls short of the needed number for passage, the bill is on call.

Per Diem session:
Typically held on Fridays before a holiday weekend, these often-brief floor sessions fulfill the requirement to meet every three days which allows legislators to keep their tax-free $168-a-day “per diem” stipend.

Poison pill:
An amendment added to a bill so it will become indefensible and die.
Robust:
The only type of debate that occurs in the Legislature.

Roll (verb):
If you get a bill out of committee whose chair opposes it, you have “rolled” the chair. A good way to lose your committee membership.

Speakerize:
When the Assembly speaker intervenes on a controversial bill either to kill it or to ensure it advances.

Sponsor:
An outside entity that writes a bill and then gets a legislator to carry the bill. Not always “candid” about its role.

Spot bill:
A placeholder bill that remains devoid of detail until a legislator decides content.

Stakeholder:
Anyone who wants something. Always seem to be meeting somewhere about something. Generally, synonym for “interest group.”

Suspense File:
Holding place for legislation that will cost more than a specified amount of money. Many bills never make if off the Appropriations Suspense file. Another useful way to let a bill quietly die.

Third house:
Sacramento’s lobbying corps, so named because some see them – and the special interests they’re paid to represent – as a coequal third branch of the Legislature.

Trailer bill:
Legislation that implements a specific part of the budget after the budget itself has passed. A useful way to change policy via the budget process.

Two-year bill:
A bill that stalls in the first year of the legislative session and must wait another year.

Urgency clause:
A designation that makes a bill take effect immediately after it is signed instead of the following Jan. 1. Requires a two-thirds vote.

Work the floor:
When a legislator moves from desk to desk in the Assembly or Senate to talk to colleagues to garner support.
